

Global Cultures, Minor

Global Cultures is an innovative undergraduate minor in the School of Humanities with an exciting mission: to explore the problems and processes of globalization from a humanistic perspective.

Students minoring in Global Cultures must choose a primary emphasis and a secondary emphasis from the list. Each emphasis essentially consists of a geographic focus. Students may also design their own emphasis in consultation with a program advisor and with the approval of the Global Cultures Committee. All emphases are chosen in consultation with a faculty advisor and are subject to the approval of the Global Cultures Committee or the Program Director. Examples of how current students are combining their primary and secondary emphases are available at the Global Cultures website. (<https://www.humanities.uci.edu/globalcultures/>)
