The Claire Trevor School of the Arts is among the nation's most acclaimed creative centers for the performance and study of the arts through their history, theory, and cultural context. The School consists of four departments: Art, Dance, Drama, and Music, offering a B.A., B.F.A., and B.Mus. at the undergraduate level, and M.F.A.s in a variety of specializations. The Departments of Drama and Music house three doctoral programs - Drama's in Performance Theory (jointly with UC San Diego's Department of Theater and Dance), and Music's in Integrated Composition, Improvisation, and Technology (ICIT) and History and Theory of Music. The Department of Art also offers a minor in Digital Arts, and the drama department offers a minor in Drama.

The School's departments are located in and around UCI's arts village, providing daily interaction among students and faculty in all Arts disciplines. The School's facilities are creative laboratories for the development of skills and for the exploration and articulation of the human experience. They include studios and technologically enhanced classrooms, five theatres (including the Irvine Barclay Theatre, located on the UCI campus), the Experimental Media Performance Laboratory (xMPL), a theatre/concert hall, three art galleries, the Donald R. and Joan F. Beall Center for Art + Technology, the Gassmann Electronic Music Studio, the Motion Capture Studio, the Arts Computing Laboratory, the Digital Arts Teaching and Research Laboratories, professionally managed and staffed production shops, and publicity and box offices supporting the School's extensive production, performance, and exhibition schedule.

The Steven Ehrlich-designed Contemporary Arts Center provides 59,000 square feet of technology-driven instructional and research spaces, as well as a 4,000-square-foot gallery and a "black-box" performance space. Along with its motion-capture studio, these facilities place the Claire Trevor School of the Arts and UCI at the forefront of these fields.

Arts students work collaboratively across disciplines in addition to deeply exploring their own chosen disciplinary fields. Faculty and students from across the campus are engaged in the School's Institute for 21st Century Creativity, a platform for theoretical and practical exploration of the creative process.

The School's artists, performers, and scholars' work are regularly recognized globally. The School has an extensive program of visiting and residential distinguished artists and teachers featured in numerous School activities.

Students receive assistance with program planning and a variety of other services from the professional and student-support staff in the School's Office of Student Affairs; the staff also provide academic counseling to arts students. An extensive network of alumni work with faculty and staff to provide mentorship and professional guidance for current and graduating students.

The UCI Claire Trevor School of the Arts is committed to the highest levels of excellence in exploring, researching, studying, and presenting the best of both traditional art forms and to playing a central role in creating new, emerging art forms.

Change of Major

Students wishing to change to an Arts major should contact the Arts Student Affairs Office for information about change-of-major requirements, procedures, and policies. Additionally, students should refer to the Change of Major Criteria website (<http://www.changeofmajor.uci.edu/>) for more information.

Special Programs of Study

Campuswide Honors Collegium

The Campuswide Honors Collegium is available to selected high-achieving students from all academic majors from their freshman through senior years. For more information contact the Campuswide Honors Collegium, 1200 Student Services II; 949-824-5461; honors@uci.edu; or visit the Campuswide Honors Collegium website (<http://honors.uci.edu/>).

UC Education Abroad Program

Upper-division and, in some cases, graduate students have the opportunity to experience a different culture while making progress toward degree objectives through the University's Education Abroad Program (UCEAP). UCEAP is an overseas study program which operates in cooperation with host universities and colleges throughout the world. For additional information, visit the Study Abroad Center website (<http://www.studyabroad.uci.edu/>).

Honors

Students who have distinguished themselves academically will be considered for honors at graduation. General criteria are that students must have completed at least 72 units in residence at a University of California campus. In keeping with the Academic Senate Resolution, no more than 16 percent of the graduating seniors may receive such academic honors - approximately 2 percent *summa cum laude*, 4 percent *magna cum laude*, and 10

percent *cum laude*.. For additional information, visit the Honors (<http://catalogue.uci.edu/honors/>) page. Individual departments may offer other special honors to students who have excelled in their major subject.

Creative Connections Opportunities

Arts Outreach at the Claire Trevor School of the Arts partners with local school districts, arts organizations, and community centers to share the School's talents and knowledge beyond the UCI campus. One such outreach program is Creative Connections - a paid, year-long internship for School of the Arts students to earn valuable practical pedagogical experience in K–12 classrooms and in community settings. Projects range from integrating arts into core curriculum in K–6, to workshops in the arts for middle and high schools, to college application mentorship and career conversations for high school juniors and seniors interested in arts majors. Interns are paid hourly or may choose to receive independent study credit for their participation. All Claire Trevor School of the Arts students with a minimum 3.0 GPA may apply for this program.
