Life on Campus

Whether it is meeting new friends in the residence halls, learning about campus life through student-initiated programs, or securing an internship, the Division of Student Affairs (https://studentaffairs.uci.edu) is dedicated to creating a rich experience for the Anteater community. Comprehensive programs and services attract the best, brightest and most diverse students, promote learning and leadership development, foster engagement, cultivate community service and cultural awareness, support physical and mental health and wellness, and enhance the quality of student life.

Auxiliary Services, (https://studentaffairs.uci.edu/auxiliary-services/) Student Life & Leadership (http://studentlife.uci.edu/), and Wellness, Health & Counseling Services (https://whcs.uci.edu/) – all within the Division of Student Affairs – serve to ensure that UCI’s learning and living environment positively contributes to students attaining their academic goals and being prepared for the next stage in their lives, be it attending graduate school or pursuing a fulfilling career.

Student Life & Leadership

The departments within Student Life & Leadership offer diverse programs and services which complement and enrich the educational and beyond-the-classroom life of UCI students. This is achieved through a comprehensive range of cultural, social, wellness and intellectual opportunities that promote student learning and development. For additional information, visit the Student Life & Leadership website (http://studentlife.uci.edu/) or contact sli@uci.edu, 949-824-5181.

Office of the Dean of Students

To assist students in becoming more effective leaders, the Office of the Dean of Students (https://dos.uci.edu/) offers leadership programs while engaging student issues and concerns. Additionally, the Dean of Students is responsible for upholding the student conduct process and hears student conduct appeals.

The Randy Lewis All-University Leadership Conference is the cornerstone of UCI’s leadership offerings bringing together students, faculty, staff and administrators. This annual weekend conference involves more than 220 emerging and established student leaders representing the full diversity of campus interest groups.

The University Affairs for Credit Course (UNI AFF 1A-UNI AFF 1B-UNI AFF 1C) offers students an opportunity to work on campus projects with a UCI department to enrich their academic growth and development. Each student spends a maximum of 30 hours per quarter working on a proposed project under the supervision of a designated faculty or staff member. Students are required to write a three to five page paper at the end of the course addressing the following: (1) description of the experience or project; (2) the impact of the experience or project upon the campus; and (3) the effectiveness (personally and externally) of the experience or project. Students may enroll in University Affairs for Credit a maximum of three times (or 3.9 units), and the course is graded Pass/Not Pass only.

Campus Organizations & Volunteer Programs

The office of Campus Organizations (http://www.campusorgs.uci.edu/) & Volunteer Programs (http://volunteer.uci.edu/) (COVP) provides opportunities for students to pursue personal and professional goals through involvement with registered campus organizations and community service activities. We promote leadership development by providing resources, innovative programming and advising for Campus Organizations and the campus community. We aspire to provide transformative leadership experiences that foster a community of engagement and campus spirit.

COVP works with over 600 registered campus organizations (RCOs) with a combined membership exceeding 18,000 students. RCOs address a wide range of interests: academic, environmental, faculty/staff, international, multicultural, political, recreational, religious and spiritual, community service, social, performance/entertainment, wellness and sports. Also, students can create new organizations that meet their interests. Students can learn about organization fundamentals by attending workshops and events or by visiting the office of Campus Organizations & Volunteer Programs at the UCI Student Center, G308. COVP coordinates campus-wide traditional events like the Anteater Involvement Fair, Anteater Leadership Summit and the Anteater Awards.

COVP also serves as the hub for student activities related to community service and volunteer projects. Community service initiatives include short-term service projects, the Community Service & Leadership Fair, and the MLK Jr. Day of Service. Through mutually beneficial campus and community partnerships, students explore social issues by engaging in direct service, reflection and critical dialogue.

Leadership development opportunities also exist through internship positions with COVP. Students serve as activities coordinators and community service site leaders through the Student Life & Leadership internship program.

The center provides a space for students that serves as a “home away from home” – a community. Facilities include a conference room for group meetings and/or studying, a lounge for socializing, a virtual computer lab and a host of services including psychological support, tutorial assistance, and academic advising. The CBCRR’s four pillars – Life & Vitality, Prosperity, Health, and Balance – recognize and reinforce our commitment to social justice, health and wellness, interpersonal growth, talent development, transpersonal awareness, community service, academic success, and career development.

FRESH Basic Needs Hub

The FRESH Basic Needs Hub (http://basicneeds.uci.edu) is a student-initiated effort that promotes equitable access to basic needs through student empowerment, community collaboration and institutional integration. Our aim is to shift cultural consciousness toward understanding the fulfillment of basic needs which include food and housing security – a guaranteed right for every person. We are committed to making UCI a basic needs-secure campus. We understand that meeting the basic needs of our students greatly impacts their mental and physical health, academic performance, work productivity and holistic success. FRESH offers emergency food and toiletries, connects students to critical on- and off-campus resources and provides educational opportunities for students to take personal responsibility for their wellness and the well-being of their communities. We are a home for all students, a collaborative space for innovative solutions and an advocate for social justice and equity.

International Center

The International Center (http://www.ic.uci.edu/) contributes to the development of campus diversity and internationalization by providing services and programs to the UCI international population and the campus community. Core functions of the International Center include the following:

- Providing expert immigration services, including visa documentation, interpreting immigration regulations and related advising, and SEVIS and immigration compliance;
- Advising services to academic departments on issues related to the enrollment and visa selection for the employment of international students and scholars;
- Serving as advocates for international students and scholars and as their liaison with institutional, local, state and federal agencies;
- Providing pre-arrival advising, orientation and adjustment assistance for international students and scholars and their families.

The International Center provides all UCI students, scholars, staff and faculty the opportunity to engage in programs, events and services surrounding international education and intercultural learning.

International students and scholars at UCI with F-1 and J-1 visas and UCI-sponsored employment visas are required to complete the check-in process with the International Center upon arrival. The check-in process requires the reporting of a valid address of residence in the United States, submitting a copy of the most recent I-94 document, and for F-1 and J-1 visa holders, completion of the International Center online immigration orientation. Failure to complete the check-in process puts the student’s or scholar’s visa status in jeopardy.

All international students and scholars must stay informed and follow specific visa status requirements. Immigration regulations require that students and scholars maintain updated records at the International Center. Regulations require that student and scholars maintain a valid I-20 or DS-2019, passport and I-94 at all times while in the U.S., report changes in name, address and major to the International Center and report early completion of the program or when the student is planning to withdraw or otherwise no longer will be enrolled at UCI.

For additional information contact the International Center, G302 Student Center, 949-824-7249, or visit the International Center website (http://www.ic.uci.edu/).

Latinx Resource Center

The Latinx Resource Center (LRC) (https://latinx.uci.edu/) was founded to raise awareness of social, political, economic, historical and cultural realities of the Latinx and Chicano communities. We accomplish this mission by offering resources, programs and a space where cultura, arte and academia are interconnected. Our vision is that these efforts will broaden access, increase retention and ensure a clear pathway to graduation through the empowerment of Latinx and Chicano students.

The LRC is now the home of traditional annual programs that were student-initiated and sustained by students for over 40 years – such as La Bienvenida, a welcoming event for the community to start the new academic year; Mesa Unida, a student board representing registered Latinx-centered campus organizations; and Nuestra Graduation – along with newer efforts like the Latino Excellence Achievement Dinner (LEAD), which was advocated for by graduate students to honor Latinx and Latinx-centered research excellence in each academic school, and campus-wide awards for staff, faculty, alumni, and community partners, which are executed by a campus-wide committee and co-led with the Office of Inclusive Excellence.

Sorority & Fraternity Life
The UCI Sorority & Fraternity Life (SFL) community is a diverse, ambitious and electrifying student population of over 40 fraternities and sororities that strive to uphold the oaths, values and commitments they were founded upon. Over 1,500 undergraduates make up the SFL population on campus and are active members in UCI community. Students who join sororities and fraternities gain experience and skills in leadership development, communication, networking and leading change. For many undergraduate students, fraternities/sororities become their homes away from home.

SFL members strive for high academic achievement and are honored by UCI’s Greek leadership honor society Order of Omega. Three (3) governing councils – Interfraternity Council (IFC), Multicultural Sorority & Fraternity Council (MSFC) and Panhellenic Association (PHA) – represent the fraternities and sororities to the UCI campus and surrounding community.

Since our start in 1973, the Sorority & Fraternity Life community remains a great way to be involved and a way to make lifelong friends. Membership in a fraternity or sorority lasts a lifetime and is an experience unlike any other.

The VSC is responsible for submitting certification requests for incoming and continuing military-connected students, answering any questions they may have concerning their VA education benefits and providing resources and advocacy to assist these students in navigating their transition to student life.

The VSC is available Monday through Friday from 9:00 a.m. to 5:00 p.m. and is located in the Student Center, Room G306. The VSC can be reached by phone at 949-824-3500 or email at veteran@uci.edu.

For more information, please visit the Veteran Services Center website (http://www.veteran.uci.edu/).

**U.S. Department of Veterans Affairs (VA) Education Benefits**. Military-connected students must submit the appropriate VA documentation, Request for Certification and additional information required by the VSC before tuition and fees are due. Failure to do so may not allow enough time for the Office of Financial Aid and Scholarships to place a temporary award on a student’s financial aid account while waiting for the VA payment. If at any time the VA fails to pay any portion of the estimated amount placed into the student’s account, the student will be held liable for the unpaid portion. The student must take the following actions in order for the VSC to certify a student for VA education benefits.

- Submit a Certificate of Eligibility (COE), Authorization Form (for Chapter 31 beneficiaries), or Statement of Benefits obtained from the VA’s eBenefits website (https://www.ebenefits.va.gov/ebenefits/homepage/) noting entitlement to VA education benefits.
- Submit a Request for Certification (RFC) form to the VSC to use such entitlement. The form can be completed by following this webpage: veteran.uci.edu (https://veteran.uci.edu/).
- Provide additional information necessary to verify enrollment and that courses will make progress toward the declared degree program.

For any students using VA education Chapter 33 (Post-9/11 GI Bill®) or Chapter 31 (Veteran Readiness & Employment) benefits, while payment to the institution is pending from the VA (up to 90 days), UCI will not:

- Prevent their enrollment;
- Assess a late penalty fee;
- Require they secure alternative or additional funding;
- Deny their access to any resources (access to classes, libraries or other institutional facilities) available to other students who have satisfied their tuition and fee bills to the institution.

To qualify for this provision, such students are required to:
• Provide a Certificate of Eligibility (COE), Authorization Form (for Chapter 31 beneficiaries) or Statement of Benefits by the first day of class;
• Provide a Request for Certification (RFC) form;
• Provide any additional information needed to properly certify the enrollment.

U.S. Department of Veterans Affairs (VA) Standards of Progress. All students receiving VA educational benefits must be in good academic standing. An undergraduate student with a cumulative GPA below 2.0 or a graduate student with a cumulative GPA below 3.0 for two consecutive academic terms will have their VA education benefits terminated. Education benefits will be reinstated if and when the undergraduate student’s cumulative GPA is 2.0 or above or the graduate student’s cumulative GPA is 3.0 or above.

Please note this policy is separate and distinct from the UCI Normal Progress Requirement and the UCI Academic Standing Requirement. The VA Standards of Progress requirement is related to the receipt of VA education benefits.

Training Time for VA Education Benefits
VA education benefits are paid according to training time status. During the standard terms (fall, winter, and spring quarters) undergraduates are considered 'full-time' for VA purposes if they are in at least 12 certifiable units. Graduate students are considered 'full-time' for VA purposes if they are in 8 or more certifiable units. See the equivalency chart below to determine status that is ‘full-time’ for standard terms.

CalVet College Fee Waiver for Veteran Dependents. Dependents of veterans eligible for the CalVet College Fee Waiver (https://www.calvet.ca.gov/VetServices/Pages/College-Fee-Waiver.aspx) must submit their eligibility letter from a County Veteran Service Office to the Office of Financial Aid and Scholarships. Once the letter is submitted, the mandatory system-wide tuition and fees are waived; all remaining UCI fees are the responsibility of the student. This benefit does not apply to self-supporting programs. Eligibility must be re-established for each subsequent academic year. The student must meet the UCI California residency requirements to receive this benefit. More information about the waiver can be found here: calvet.ca.gov/VetServices/Pages/College-Fee-Waiver.aspx.

Readmission Due to Military Orders. If a student is called on military orders, the readmission fee will be waived. When readmitting, students should meet with their academic counselor to initiate the process and submit proof of their military orders. More information about the readmission policy can be found here: reg.uci.edu/enrollment/readmission.html.

Readmission for Disqualified Graduate Students. Graduate students who are academically disqualified may be readmitted to UCI with a recommendation from their academic unit and the Dean of the Graduate Division. See Academic Disqualification (http://catalogue.uci.edu/graduatedivision/#academicpoliciestext) in the Graduate Division section of this UCI General Catalogue for more information.

Student Health Center, UC Student Health Insurance Plan, TB Screening/Immunization Requirements for Incoming Students
All matriculated students registered in a degree program and continuing education students are eligible to access services at the Student Health Center (http://www.shc.uci.edu/) (SHC). Located at the corner of East Peltason Dr. and Pereira Dr. (building 5 on the campus map (https://uci.edu/visit/maps.php)), SHC also includes a state-of-the-art dental clinic located in building 6 across the street at the same intersection. The SHC is accredited by the Accreditation Association for Ambulatory Health Care (AAAHC). SHC also administers the UC Student Health Insurance Plan (UC SHIP). In addition, SHC administers and oversees compliance by incoming students with UC’s immunization policies (e.g., COVID-19, Flu, TB Screening, MMR, Varicella, Tdap, and Meningococcal Conjugate ACYW).

Student Health Center
SHC includes ambulatory care clinics staffed by board certified and licensed medical, mental health and dental professionals and licensed nurses; a clinical laboratory; radiology; pharmacy; and insurance services office to assist students in navigating UC SHIP and in obtaining referrals to outside
specialists. The SHC is open from 8 a.m. to 5 p.m. on Monday, Tuesday, Thursday and Friday; and from 9 a.m. to 5 p.m. on Wednesdays. Extended hours may be available on Saturdays during the academic year and will be posted on the Student Health Center website (https://shc.uci.edu/).

General medical services are offered at the SHC by appointment only and include primary care and women’s health. Telemedicine appointments are also available for many services. Urgent conditions are triaged and care is provided immediately. If a student with an urgent condition cannot be seen by a provider or nurse immediately, then the student would be referred to a local urgent care center, hospital emergency department or, for less urgent conditions, to an online telemedicine service or nurse advice line.

Specially services are also available by appointment and include psychiatry, dermatology, gynecology, orthopedics, sports medicine, ear/nose/throat, chiropractic services, nutrition therapy services and minor surgical procedures. The Nurse Clinic provides immunizations, health screening/clearances, travel consultation and basic health, wellness and preventive care education. The Dental Clinic offers routine dental examination and cleaning, restorative procedures (fillings and crowns) and certain specialty services.

SHC fees are generally lower than those of comparable services in the community. SHC only submits claims to the UC SHIP insurance plan. SHC does not bill third-party insurance plans. Therefore, students not enrolled in the University of California Student Health Insurance Plan (UC SHIP) will pay fees for services through their ZotAccount (Campus Billing System) and may submit a claim to their insurance plans for reimbursement. Students who are enrolled in UC SHIP will pay any required co-pays and/or coinsurance through their ZotAccount (Campus Billing System) after SHC receives payment from the UC SHIP carrier.

University of California Student Health Insurance Plan (UC SHIP)

All registered undergraduate, graduate, law and medical students are required to carry health insurance that complies with waiver criteria established by UC. All students are automatically enrolled in and assessed the fees associated with UC SHIP prior to the start of the Fall term of each academic year. Those students with other health insurance that meets the waiver criteria may waive enrollment in UC SHIP during the established waiver periods that occur prior to the start of each quarter (or semester for Law students). A new online waiver application must be submitted at the beginning of each academic year. If approved, the waiver is in effect for the current term and the remainder of the academic year. A waiver approved for the Fall term is in effect for the entire academic year unless a student wishes to “reverse” the waiver and become enrolled in the plan. Following waiver approval, a refund of the fees will appear on the student’s ZotAccount typically within ten business days. Additional information regarding health insurance premiums and related fees that are charged to students who are enrolled in UC SHIP is available in the Expenses, Tuition and Fees section (https://catalogue.uci.edu/informationforprospectivestudents/expensesuitionandfees/) of this Catalogue and on the Student Health Center website (https://shc.uci.edu/).

University of California Mandatory TB Screening and Immunization Requirements

UCI is committed to protecting the health and well-being of our students, the campus community and beyond. In order to protect the campus from outbreaks of vaccine-preventable diseases, ALL incoming undergraduate and graduate students are REQUIRED to comply with the University’s immunization policies. (Medical students have additional admission health requirements that are established by the School of Medicine.) Details can be found at the Student Health Center website (https://shc.uci.edu/). Students who do not comply with these admission health requirements by the published deadlines (https://shc.uci.edu/new-student-information/immunization-requirements/) will be subject to a Type 2 academic hold that will be applied for the subsequent term. To be deemed compliant with these requirements, students must enter their immunization and TB screening information and upload copies of their immunization records directly into their secured SHC electronic health record through the Wellness, Health & Counseling Services Student Portal (https://osh.shs.uci.edu/). Students will be able to access the portal once they have obtained their UCInetID and once their student status has been changed from “applicant” to “student”. This status change typically occurs around the third week of May for incoming undergraduate students, and the third week of June for incoming transfer and graduate students.

As a result of the COVID-19 pandemic (and in addition to the other required immunizations and TB screening for incoming students), the University may require other immunizations for all students living, learning and/or working on campus. Please visit the Student Health Center website (https://shc.uci.edu/), the UCIForward website (https://uci.edu/coronavirus/), and other university websites on a regular basis in order to stay informed about the latest information regarding any new or existing health related requirements.

All students are also encouraged to have an annual physical examination to screen for health problems as well as dental examination and cleaning. Students enrolled in UC SHIP are covered 100% for any preventive care service whether performed at the SHC or by an in-network provider. SHC is the designated primary care medical provider for all students enrolled in UC SHIP. If the student is enrolled in UC SHIP and has had a recent physical examination or other medical services, they are encouraged to submit copies to SHC for inclusion in their SHC electronic health record. Students transferring from another UC campus where their health records are on file should have the records transferred to the UCI Student Health Center.

For the most up to date information about the Student Health Center, TB Screening/Immunization and other health related requirements, and the UC Student Health Insurance Plan, please visit the Student Health Center website (https://shc.uci.edu/).

Student Housing

On-Campus Housing

Housing Administrative Services coordinates application and contract processes for six UCI on-campus housing communities. American Campus Communities manages application and leasing processes for five third-party on-campus furnished apartment communities. Housing occupancy has returned to normal levels, with approximately 43 percent of UCI’s student body housed on campus. Housing occupancy and res-life programming and services may vary in response to public health conditions and guidelines. For more information including housing rates for the current academic year, visit the Student Housing website (http://www.housing.uci.edu/).

Undergraduate Housing

Three on-campus communities serve full-time single undergraduate students under age 25. Each community offers a group living environment, recreation rooms, a fitness center and outdoor recreation space. Student rooms are furnished, feature cable television and internet connections. Gender-inclusive housing options are available.

Residence Halls

Mesa Court and Middle Earth are two residence hall communities, housing approximately 5,488 single undergraduates who are primarily freshmen and sophomores between 17-20 years of age. Both communities are within walking distance from the center of campus. Virtual tours of the residence halls are available on the Housing website (https://housing.uci.edu/services/Housing_Tours.html). Most of the halls (a.k.a., “classic halls”) are co-ed buildings, each housing between 50 and 117 residents in single-, double-, and triple-occupancy rooms in suite-style layouts. Each hall has group study rooms, a living room for meetings or informal gatherings, a small kitchen and card-operated laundry facilities. The Mesa Court and Middle Earth towers together house approximately 1,656 students in “quads” (4 students per room) on five residential floors, with access to amenities on each floor.

Mesa Court and Middle Earth have complete food service and dining commons. Students who live in the residence halls participate in a prepaid meal plan. Meals are served three times daily on weekdays (with late night hours) and twice daily (brunch and dinner) on weekends. Menus offer a wide selection of foods served cafeteria style at cook-to-order serving stations featuring cuisines from all over the world as well as self-serve cereal, deli and salad bars. For more information about meal plan options, visit the UCI Dining Services website (https://uci.campusdish.com/). The halls remain open during the Thanksgiving holiday, winter recess and the spring recess, but no meals are served during these break periods.

Both Mesa Court and Middle Earth maintain a comprehensive residence life program designed to help freshmen transition to college. Each hall has a live-in Resident Advisor (RA) who provides resources and support to residents. (Larger “tower” halls have multiple RAs.) In each community, special interest halls or hall clusters provide educational programs and informal opportunities to get together with other students who hold similar interests. Community-wide social programs are also offered.

Room options in undergraduate housing usually include singles, doubles, triples and quads. The corresponding rates for rooms in the classic halls were $14,672-$15,176 for a triple room; $16,868-$17,372 for a double room; and $19,316-$19,820 for a single room. The rates for rooms in the Towers were $14,498-$15,002 for a tower quad. (Rates include room and board and vary by the meal plan selected.) Charges are paid in quarterly payments. Rates for 2022-23 will reflect an increase.

Arroyo Vista is a community of 29 sponsored academic themed houses and 11 sorority and fraternity chapter houses. Each house contains 8, 12 or 16 furnished double-occupancy rooms (bed, desk and wardrobe closet for each resident). Residents share bathroom facilities on each floor, a spacious living room with fireplace, a study room, a fully equipped kitchen with dishwasher and microwaves and laundry facilities. Some houses also offer a two-person suite with a private bathroom located on the first floor. All bedrooms in Arroyo Vista feature cable television and internet connections. No meal plan is included in the housing contract. Students make their own meal arrangements, choosing to cook for themselves or to purchase a voluntary meal plan through the UCI Dining website (https://uci.campusdish.com/).

Theme houses offer educational programs that advance both a student’s academic interests and overall university experience. Members of fraternity and sorority chapters should consult their chapter (https://sororityfraternity.uci.edu/) for information. The rate for the 2021-22 academic year was $7,784 for a double-occupancy room and $9,737 for the two-person suite. Rates for 2022-23 will reflect an increase.

Graduate/Family Housing

Three on-campus apartment communities serve full-time graduate students, medical students and students with families (married, in a domestic partnership and/or with custody of minor children). Gender-inclusive housing options are available. All apartments have carpeting, draperies, a stove and a refrigerator, and provide cable television and internet connections. Rental rates in all three communities tend to be lower than for comparable units in the local rental market. Rates for 2022-23 will reflect an increase.

Verano Place offers 1,157 bed spaces in 852 one-, two- and three-bedroom apartments. Monthly rents for 2021-22 ranged from $429-$872 for each single student sharing an apartment, and from $1,105-$1,744 for families. In summer 2022, the Verano Towers will open with 425 apartments and studio, 2- and 4-bedroom floor plans, adding 1,050 bed spaces to the Verano Place community.

Palo Verde offers 1,033 bed spaces in 652 one-, two- and three-bedroom apartments. Monthly rents for 2021-22 ranged from $672-$931 for each single student sharing an apartment, and from $1,186-$2,265 for 1-bedroom units and 2- and 2-bedroom units occupied by families.

Phone: 949-824-5252
Campus Village is a community of 400 two-bedroom apartments serving single graduate students (no children). Apartments include bedroom furniture (bed, dresser, desk, lamp and chair for each student) and common space furniture (sofa, coffee table, end tables, lamp and dining room set). Campus Village is located in the campus core adjacent to the Science Library. The 2021-22 monthly rental rate for graduate students living in Campus Village was $855.

Information on floor plans, amenities, and costs for on-campus third-party furnished apartments (American Campus Communities) can be found on their websites, which are listed on the UCI Housing website (https://housing.uci.edu/acc/).
